OUR PEOPLE MAKE ALL THE DIFFERENCE

Our team is here to  
take care of yours.

Our elite group of management, security, valet, and  
janitorial professionals keep the Russ Building running  
so you can focus on what matters.

## DYNAMIC WORKSPACES

# Your business needs a home, and we've got just the place.

With floor plates from 5,000 to 26,000 square feet, the Russ can accommodate dreams of all sizes. Floors 12 and up are reserved for single tenants, while floors 11 and below can house either single or multiple tenants on each level. Stretch out, settle in, and get to work.

# Bike to Work or Park in Style

## Your commute, your way.

If you prefer two wheels, the Russ has you covered. Our plentiful motorcycle parking and key card-secured bicycle storage room let you commute on your terms, and our showers and day-use lockers give you a private place to freshen up.

## Relax, we'll handle the parking.

Our 350-space parking garage was designed for maximum accessibility and ease. Entrances on both Pine and Bush streets, plus valet services, let you begin and end your commute with a smile.

## A BETTER RIDE

# Our elevator modernization project is well underway.

Don't worry, our ornate lobby elevator doors aren't going anywhere. It's the technology within that's getting an overhaul. Starting with re-engineered guide rails and a total replacement of the mechanical and control systems, the updated elevators will get you to your floor quickly and comfortably. The all-new operating system is designed to provide optimal security, cab dispatch and destination grouping, assuring the safest and shortest ride possible.

*Note: Targeted for completion by late 2024.*

# Rooms to Support Everyone

## Meet your new ideas.

The Russ boasts two conference rooms just for tenants. Equipped with video and teleconferencing equipment and furniture to support multiple configurations, our conference rooms are designed to support your enterprise.

## A private space to take a break.

With two dedicated, private rooms located on the 12th floor, The Russ's lactation rooms are quiet, relaxing spaces for new parents to pump.
